As you may have noticed my 'patch' has grown! I am now the beat manager for the Neville beat which incorporates the villages of Kinoulton, Hickling, Owthorpe and Upper Broughton. Reason being that the former beat manager has gone to Cotgrave as a second beat manager as that is where most crime occurs within Rushcliffe South. I am still based at Keyworth & still accessible by the normal means. In the coming weeks I will drive around the villages in a mobile contact point so please feel free to pop in for a chat! Happy New Year

Car crime continues to be a problem all over Rushcliffe South and still the cars targeted are those with property on display within. Please secure items in the boot and take valuables with you. The majority of cases are in Public car parks day and night. Car crime amounts to almost half of all crime on our patch so please be vigilant.

There seems to be an increase in house and shed Burglary's across the Rushcliffe area. If you would like any crime prevention advise then please contact me or the new Crime Prevention Manager, Pete Ainley based at Bingham Police Station on 0115 9455999 ext 6262. Please stay vigilant and perhaps consider a shed alarm.

Please be aware of a recent crime trend, although not as yet reported in the Nottingham area, worthy of circulation..

“A warning has been received from the London Ambulance Service of activities in their area. Whilst the below behavior is not common place in our area I have spoken with Greater Manchester Police and their risk assessment of the action is to circulate it as a potential'

The London Ambulance service have units closely associated with the Police based in South London who are basically Fighting Gang Crimes. The 'street gangs' in London (particularly South London at present, but it is sure to spread) have initiation tasks which new gang members have to carry out to be admitted to the 'gang'. The latest craze is to drive around, deliberately with no lights on their cars. The first person who 'flashes' them, points at them or sounds their horn at them, has to be followed by that new gang member in their car, who then has to fire a shot into that vehicle with no regard as to who is inside.

This has already started happening in Sheffield.”

I will be holding a Local Area Group Meeting in Keyworth where members of local Parish, Borough and County Council will also be in attendance.

This is your opportunity to raise your specific priorities for the area in which you live to enable us to focus our attention as a group to problem solve your issues. We hold meetings every 6-8weeks. If you would like to attend then please contact me directly, either by mobile, email or visit to the Police Stn.

If you are ringing to report a crime then please phone 0115 9455999 and speak to the force control room. They will allocate your query appropriately.

The health Centre is now open and as is the car park on Bunny Lane. Hopefully this will alleviate some of the parking complaints in Keyworth. This includes the undercover area and the disabled bays close to the Police Station.

Make sure you continue to avoid the double yellow lines! Kylie Wimbledon the community officer can be contacted on 07756 777716.

The Contact Point, situated in The Square, Keyworth is now open. It is manned whenever Kylie or I are in the Station each day we are on duty. It will also be open every Friday morning between 9AM and 1PM by Rushcliffe Borough Council and every Saturday morning between 10AM and 12PM by local Volunteers. Please make use of the service they will provide. All messages and details will be passed to me and dealt with accordingly. The phone number for the Police Station is 0115 914 1620.

My e-mail address is
